**UPDATE REPORT ON BOARD MOTION REGARDING THE OIL AND GAS STRIKE TEAM FOR UNINCORPORATED LOS ANGELES COUNTY (MARCH 29, 2016 – AGENDA ITEM NO. 12)**

On March 29, 2016, the Los Angeles County Board of Supervisors (Board) passed a motion instructing the Director of Regional Planning, in coordination with the Fire Chief, Interim Director of Public Health, and Director of Public Works to convene a Strike Team to assess the conditions, regulatory compliance and potential public health and safety risk associated with existing oil and gas facilities in unincorporated Los Angeles County. The Board instructed the Strike Team to report back on a biannual basis with a summary of its findings and any recommendations on legislative and regulatory positions that the Board should consider.

In accordance with the Board's motion, the Strike Team is submitting the second update report to the Board. This report includes an update of Strike Team efforts on 1) updating the inventory of oil and gas facilities, 2) developing a public health screening assessment tool, and 3) facility findings. The report and the appendices can be accessed on the Department's web page at [planning.lacounty.gov/oil-gas/strike](http://planning.lacounty.gov/oil-gas/strike).

The Strike Team held a public meeting on March 13, 2017, to discuss the second update report and to hear public comment. The Strike Team passed a motion to direct staff to file this report with the Board and to present to the Advisory Panel. This report is the second of three biannual Strike Team reports with the final report to be provided to the Board by September 29, 2017.
